

If you have
Sjögren's Syndrome

and also experience "Dry Mouth" symptoms...

You may be qualified to participate in Research Interviews that will help develop a new questionnaire about the symptoms and impacts of "dry mouth". This will involve a short telephone call, an enrollment visit, and a face to face interview that will last approximately 60 minutes.

Those eligible to participate in the interview sessions will be compensated with \$125.00 at the close of the interview.

Interviews are confidential. All regulations for protection of personal health information will be observed.

This is an interview study only – no therapeutic drug treatment is involved.

For information and a preliminary questionnaire,
Please call **(1-800-475-9717) ext 220** or email **jepstein@uic.edu**
