

Where your donation goes. . .

<b>Research</b>	<b>Programs &amp; Services</b>
<b>Fundraising</b>	<b>Administration</b>

This chart illustrates what your Scleroderma Foundation membership or contribution supports.

Eighty-two percent of every dollar received provides funding for scleroderma research (38%) and programs & services (44%), including our national patient conference held annually, our national network of 26+ Chapters and 135+ Support Groups, patient education and public awareness materials, advocacy on behalf of patients and families, a dedicated 800 telephone line, and our website.

Your generosity is the backbone of the Scleroderma Foundation's three-fold mission of Support, Education, and Research.
