Your Holiday Shopping Can Help Support the Scleroderma Foundation

Didn't get a chance to mark everything off your holiday shopping list today for Black Friday? Well, you still have an opportunity to save big on Cyber Monday and help support the Scleroderma Foundation.

On Monday, Dec. 1, many online retailers will offer significant deals for shoppers as part of Cyber Monday. The Scleroderma Foundation has teamed up with the retailers listed below so that you can turn your shopping into a meaningful donation for a great cause. Simply enter the Scleroderma Foundation when asked which charity you would like to receive your donation.

Be Part of the #GivingTuesday Movement

This year, on Tuesday, Dec. 2, 2014, the Scleroderma Foundation is part of a call to action that is working to promote change and help make history. We are celebrating a day

dedicated to giving – when charities, families, businesses, community centers, students, retailers and more all will come together as part of #GivingTuesday, a movement to celebrate giving and kick-off the holiday giving season.

Last year, more than 10,000 organizations in 46 countries participated and celebrated the #GivingTuesday movement. This year, we invite you to join in.

What You Can Do

Learn more at www.GivingTuesday.org. On social media, be sure to let others know about the movement by using the hashtag #GivingTuesday. Most importantly, your gift to the Scleroderma Foundation, whether it is a monetary donation or your time, will help us reach further into the scleroderma community in 2015 with essential support and resources, and will help us support critical scleroderma research.

Disclaimer: The Scleroderma Foundation in no way endorses any drugs, treatments, clinical trials, or studies reported in the eLetter. Information is provided to keep the readers informed. Because the manifestations and severity of scleroderma vary among individuals, personalized medical management is essential. Therefore, it is strongly recommended that all drugs and treatments be discussed with the reader's physician(s) for proper evaluation and treatment.
