

Name: Natalie Reilly-Finch

Professional Affiliation: Ascension
Providence Foundation

What is your direct relationship to the scleroderma community? My

mother was diagnosed with scleroderma in 2010. Since then, my family has learned a lot about the disease and we have all been involved in our local chapters of the Scleroderma Foundation to promote the mission of raising awareness and supporting the scleroderma community.

Why have you chosen to serve as a member of the board for the Scleroderma Foundation Michigan Chapter?

I enjoy assisting my local chapter with fundraising and raising awareness. I work for a large health care system and appreciate the opportunity to spend my extracurricular time with the wonderful board of directors and staff of the Scleroderma Foundation Michigan Chapter.

What else would you like us to know about you? I have a strong background in fundraising for non-profits, political organizations and health care. I can't wait to continue to use those skills to support the Scleroderma Foundation Michigan Chapter!
